President's Message

We're in the final stretch! These last two months of the year are so much fun. Some of Greencroft's biggest club events take place over the next 60 days. Now is the time to begin making reservations, marking your calendars, and inviting friends and family to join you for these fun holiday traditions. Reservations are open for these events, and there's no better time than today to begin making yours, as they tend to fill up quickly.

Thank you to those who returned the member survey. You provided us great feedback. The Leadership Team and the Board have gone through the results and have already started implementing several of the ideas.

Be on the lookout for volunteer opportunities as we offer more clubs and committees to serve on. This is a fun way to give back and have social time with other members.

We will continue to promote Club membership among our wider community, but we very much rely on you, our members, to recruit new members from among your family, friends, and acquaintances. Please let us know of potential membership candidates and invite them to visit your Club.
See you at the Club!

Warmly,
David Boisvert

Do Good Cville Coat Drive

November 1st-12th

As the colder months approach, we're excited to announce our Annual Coat Drive at Greencroft. This year, our goal is to collect gently used coats, jackets, and outerwear for those in need in our community. Together, we can make a difference and keep our community warm this winter. Thank you for your generosity!

Gallery at Greencroft

Featuring: Kathryn Ogden Humphreys

I am an artist in every aspect of my life. Both of my parents are incredibly artistic, and they have encouraged and inspired me. They are lovers and collectors of fine art and "objects de art." Growing up, I was surrounded by what I considered beauty. Art was in everything from finely crafted furniture and textiles to the architecture of our home. I grew up with an appreciation and an eye for craftsmanship and skill. Creativity was embraced in our household and music, art, philosophy, and literature were very much the norm. This led to my passion for Art History.

On Sundays, there was always some controversial theological discussion after church, and ideas were constantly being tossed about. We were raised to be independent thinkers, which lends itself well to those who are creatively driven. I grew up with six siblings, and art and music were a way for me to forge my identity, connect with others, and at times escape the chaos of a large family!

I have a strong foundation in drawing, which has led me to many different studio disciplines. I am primarily a portrait and figurative artist. I am always drawn to the face and the soul behind the eyes. When I paint, I work in oils. For portraits, I use soft pastels, graphite, and colored pencils. I am also trained in printmaking: linoleum, woodcuts, lithography, and etching. One of the most enjoyable things that I do is create elf-like sculptures, wood fairies, and nymphs. My painting style is somewhere on the spectrum between late 19th-century ex-patriot, illustrations of the 1950s and 1930's-40's regionalism. I am constantly trying to find a narrative in my work, whether it be in the visual arts, writing or music.
