## Gallery at Greencroft

**Malcom Hughes**- Malcolm has been painting landscapes in oil for over 50 years. He began his art journey in the American Southwest (mostly Texas and New Mexico) after finishing graphic arts school. His study of art was self-guided, meaning, as Malcolm puts it, "when I first stood in front of Impressionist's paintings in several of the great museums of Europe at the age of 17, I was then and there taught any number of important things: the observation and use of color and light in one's painting among them." Thus began a lifelong passion from an early age. His work has been collected throughout the U. S. over the decades, mostly in private collections. Malcolm and wife of 44 years, Anne, a local real estate agent, have made their home in Albemarle County for nearly 25 years. Their younger child, Fiona, is a local musician and artistic director of Virginia's baroque ensemble Three Notch'd Road. Malcolm was diagnosed with Parkinson's disease in 2016, which has slowed but not yet ended his painting activity. The work you'll see here at The Greencroft Club is the first new showing of his work in several years, and includes a number of lately completed oil-sketches and paintings which were actually begun several decades earlier but only recently finished.

### Friday, November 14th | 4:00PM-6:00PM

Join us for an exclusive meet and greet with Malcom Hughes, whose stunning work is currently featured around the Club! This is a unique opportunity to engage with the creative mind behind the breathtaking pieces that adorn our space. Enjoy complimentary appetizers and a cash bar as you mingle and hear about the artist's inspiration and creative process.
