If you enjoy creating your own personalized wreath for your door then keep reading. Our own Jeff Hale who used to create Christmas Wreaths and sell at the Christmas Market is going to share a few tips. Starting with a mixed pine and cedar wreath members will use fresh materials and dried materials to create a unique Christmas Wreath. You will learn how to make a bow (the most popular part of the class) The wreath, fresh materials, and red velvet ribbon will be included in the class. If you would like to use other materials, then you may of course bring them.

Since this can be tiring work, there will be a Tea following, featuring hot mulled cider and a buffet of soup and tea sandwiches and some tasty sweets. There are only a few spots left for this wonderful new event!!!
